

Peter Hardi, Ph. D.

Professor of Business Ethics and Corporate Social Responsibility
Director, Center for Integrity in Business and Government
Director, Center for Business and Society
Central European University Business School
hardip@business.ceu.edu

I: CV**EDUCATION & DEGREES**

M. Sc. in chemistry (ELTE University, Budapest);
M.A. in philosophy (ELTE University, Budapest)
Ph.D. in political philosophy (Budapest University of Economic Sciences);
Post-doctoral Fellow (Political Science Department, Yale University);
Advanced Academy of Science doctorate degree in political science (Hungarian Academy of Sciences)

KEY QUALIFICATIONS*1. Research**1.1. Integrity and business ethics*

Reflexive governance and corporate responsibility; corruption and integrity challenges in management; transparency and accountability in systems of governance

1.2. Sustainable development and corporate responsibility

Theoretical and methodological issues of sustainable development (SD) policy-making and assessment; economic and market instruments in environmental policy-making; corporate reporting and corporate social responsibility

2. Teaching

Four decades of university teaching practice in Austria, Canada, Hungary, and the US. At CEU Business School he designed and delivered new courses in CSR, including a Trans-European Master Course in CSR, in Business Sustainability and recently in Business Ethics. He redesigned his Business Ethics course and now teaches a core course for MBA and EMBA students “Integrity in Business”.

3. Ph.D. program leader and/or supervisor

In the past two decades supervised five international students at the Doctoral School of the Department of Environmental Sciences and Policy, CEU; three international students at IISD in Canada; and two Hungarian students at the Budapest University of Economic Sciences; member of the Doctoral Thesis Supervisors Team, Doctoral School of Social and Applied Sciences, Royal Roads University, Victoria, B.C. Canada.

Holds Ph.D. seminar series at the Doctoral School of the Department of Legal Studies, CEU since 2011.

4. Training and capacity building

More than two decades of training and capacity building practice, including integrity management, integrity education, corporate reporting, corporate sustainability and corporate social responsibility (World Bank Institute certified); environmental impact assessment, sustainability planning and evaluation, strategic assessments and reporting.

Over fifteen years of experience in leading multi-stakeholder and community-level policy priority setting processes; building networks; designing and moderating workshops, conferences and public meetings in culturally most diverse settings.

5. *International project management:*

Designer and leader of major international research and policy planning projects in a variety of settings, ranging from local communities through regions (such as administrative and political units within a nation and in trans-boundary settings) to international agencies and from highly developed countries to developing nations and countries in transition.
