

## MS IN FINANCE

**STUDY FINANCE** | Advance your career with the MS in Finance. Sharpen your skills, learn new strategies, data tools and technologies. Learn from leading professors and industry veterans. Study in Budapest with elective trips to Vienna. Study full-time as a graduate or career changer, or keep your career and study part-time.

The program offers a professional curriculum designed with industry. Focus in on financial management, investments and banking, or innovation and fintech. Learn data analytics and technology skills to prepare for tomorrow's leadership roles. Top it up with the MS in Technology Management and Innovation to become a fintech leader or launch your startup in the CEU InnovationsLab incubator.

**JOIN A GLOBAL COMMUNITY** | Ranked the 2nd most international university in the world, Central European University (CEU) brings together students and faculty from 115 countries to exchange ideas in an open and dynamic community in Budapest and Vienna. The international faculty of CEU's Department of Economics and Business specializes in economics, econometrics, finance and business, providing an ideal learning environment for analysts, decision-makers and managers.

**BOOST YOUR CAREER** | Budapest and Vienna rank among the EU's top rising financial services and technology hubs, and best places for expats. Global employers competing for international talent include Bank of China CG, BlackRock, Citi, Deloitte, GE, Google, IBM, JP Morgan, McKinsey, Morgan Stanley, MSCI, NN, Nokia and TCS. Students can start a job or an internship at any time thanks to the program's full-time / part-time structure. More than 90% of students land a job even before graduation.

Extend your MS in Finance studies by joining an international exchange program. Exchanges are free of tuition and may vary from one week to an additional semester. Please contact us for a list of our partner schools on four continents.

**BECOME AN INNOVATOR** | Be it a new technology, product, service or solution to a pressing social problem, CEU's award-winning in-house business incubator, the CEU InnovationsLab, translates great ideas into successful enterprises. It offers tailor-made workshops held by distinguished faculty, seasoned professionals and industry experts. Flagship success stories include Talk-A-Bot, a pioneering chatbot agency, and BrokerChooser, a game-changing online broker comparison platform.

"The program provides holistic and intensive training in finance. Students are equipped with skills and knowledge that offer a major competitive edge in today's job market. CEU is also as much about diversity as it is about academic excellence. I thoroughly enjoyed my experience with CEU, which has developed into a lifelong relationship."

**Takaomi Yoshimoto**  
Morgan Stanley

**TAKE AN EXCHANGE TRIP** | Join a top partner school in the Americas, Asia or Europe. Visit for a week or up to a semester free of tuition. Specialize further or broaden your skills, or take management and leadership courses on partner MBA programs.
